Welcome to our highly anticipated webinar focused on the commercialisation of the ocean multi-use solutions from the 3.5 years work of UNITED project's demo pilots!

Our panel of experts from BlueInvest and Horizon Booster will provide insightful feedback and shed light on the immense potential of these initiatives. We encourage active participation and warmly welcome feedback from the advisory board members and the audience.

Be the first to learn about the next phase of the UNITED project –ULTFARMS– where the most promising pilots will reach new heights in technology and commercial readiness. We will unveil the Ocean Multi-Use Industry Sounding Board, fostering collaboration and innovation.

Join us for an interactive session to propel the commercialization of ocean multi-use projects!

Target audience:

Industry professionals, investors, and all those who share a keen interest in the development of multi-use solutions.

Funded by the European Union (H2020 Grant Agreement no 862915). Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union. Neither the European Union nor the granting authority can be held responsible for them
